Excisions: Excisions Recommended But Not Made

Reasons for excisions:

One excision to the feature is required to remove part of a trailer containing strongly degrading, dehumanising and demeaning sexual conduct that reduces women to disembodied orifices as a spectacle to titillate the viewer.

Summary of reasons for classification:

The DVD *Your Mom's A Slut... She Takes It In The Butt! #2* is classified as: Objectionable.

The DVD is a sexually explicit publication. Its availability is likely to be injurious to the public good as it contains a trailer entitled *Cream Filled Asses 2* that contains a sequence which reduces women to disembodied receptacles for semen. The viewer is encouraged to become sexually aroused by the presentation of women performing undignified acts and humiliating themselves. An excision was offered to remove the sequence but this was declined by the distributor.

The publication's classification interferes with the freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990, but this is an outcome that is consistent with Parliament's intention to limit the availability of publications that present degrading, dehumanising and demeaning sexual conduct to such a degree that the publication's availability is likely to be injurious to the public good.
